low High

Current Training

- Four on the Floor
- Hand Targetting
- Attention with Distraction
- Down
- Sit
- Waiting for my Trainer

Notes:

Arya is ready to fetch your heart with the cutest little floppy ears you ever did see! Arya has come a long way to making new friends in a controlled setting with the help of her two favorite things: her ball, and a trusty canine companion! Our trainers have worked closely with Arya and would love to teach you everything you need to know to ensure a successful adoption. If you have room for one more, come chat with a counselor about Arya today.
