- Down
- Sit

Waiting for my Trainer

Notes:

Introducing Bagel, a pawsome pitty ready to leave a paw print on your heart! Bagel is a true people-dog looking for an understanding family to help her bloom into a calm and confident canine companion. Her foster shares that she is potty trained and seems to be okay with being left home alone. Our trainers have worked closely with Bagel and would love to teach you everything you need to know to ensure a successful adoption. If you are ready to take Bagel under your wing and create a one-of-a-kind partnership, apply to speak with an adoption counselor today!
