NOTES:

Cynthia is a sweet and sensitive girl who can be a little shy at first, but it doesn't take long for her to warm up and show her affectionate side. She would do well with a patient family that can give her the time and reassurance she needs to feel comfortable in her new surroundings. We don't know for sure whether Cynthia is fully potty trained, so her adopters should be prepared to provide a little structure and consistency as she settles into a new routine. With patience, encouragement, and time to decompress, Cynthia is sure to blossom in a loving home. If you're looking for a gentle companion to welcome into your family, Cynthia may be the perfect match.
