NOTES:

Meet Fallon, a sweet little kitten whose journey took an unexpected turn when her previous family discovered they had allergies. Now back with us, she's still adjusting to the shelter environment and could use a calm, patient home to help her feel safe again. Give her a little time to decompress and she'll reward you with all the affection, charm, and kitten magic she has to offer. If you're ready to help Fallon start fresh, she's ready to meet you.
