## NOTES:

Meet Fern, a resilient little sprout looking for her forever garden. After weathering a few storms, Fern is ready to put down roots with a family who'll give her the time, love, and commitment she needs to truly flourish. She's the kind of dog who grows best with patience, consistency, and a whole lot of sunshine (of the emotional kind). If you've got room in your heart and home to help this girl bloom, Fern is ready to leaf her past behind and start fresh by your side.
