NOTES:

Meet Freckled Frank, a sensitive cattle dog with a thoughtful nature and a heart that just needs a little time to feel safe. He can be nervous in new situations and will do best in a quiet home with adopters who can read his signals and allow him to move at his own pace. With patience, consistency, and a calm environment, Frank begins to build trust and show his loyal side. If you're looking for a dog who will form a meaningful bond and just needs a gentle start, Freckled Frank could be a wonderful fit.
