## Outdoor Storage Bench

We have a variety of outdoor toys, assorted balls, jump ropes and bubble wands that are used for the kids during Animal Camps. It would be a huge help to have a place to store all these items.

**\$70 each (Need 2)**

# Fund-A-Need

Our Animal Safehouse Program (ASP) hands out small promotional items during speaking engagements.

This provides a resource for keeping ASP contact information accessible during a crisis.

These items would help get ASP and RCHS information to the community.

## Wahl Bravura Lithium Cordless Clippers with 2 blades

Our Medical Department uses clippers daily for needs, such as catheter placement, blood sample collection and medical grooming.

These clippers are extremely quiet to help support a more fear-free grooming/medical experience for the patients in our care. Additionally, the blades do not overheat like standard blades.

This allows the animal to remain comfortable during the grooming process and reduces grooming time by eliminating the need to change blades or use cooling products while the animal waits.

**\$240 each (Need 2)**

## Complete Vinyl Dog Kennel

With the growing number of pets accepted into our Animal Safehouse Program (ASP), we are running out of room for these animals to thrive.

ASP is a safety net for community members in crisis, which offers temporary pet boarding to the victims of domestic violence and to military veterans and seniors requiring hospitalization.

This 8' X 24' collapsible kennel is made of white vinyl material that will keep these dogs out of public view and protected from the elements

## HotDog Patient Warming System

HotDog is the only warming technology that can warm from above and below the patient at the same time, offering tremendous versatility and effectiveness, which improves patient outcome.

*(And no, this is not just for wiener dogs.)* 😊

This device will be extremely useful during our long procedures where our patients tend to lose a lot of body heat and will help to prevent hypothermia.

**\$4059**

A warming system just for me?!  
COOL!
