NOTES:

Itsy Bitsy is a sweet and sensitive girl with a gentle heart and an adorable love for making biscuits. New environments can make her a little nervous, but underneath that initial uncertainty is a friendly kitty who is ready to connect with her people. She will benefit from a patient family that can give her time, structure, and plenty of reassurance as she settles into her new surroundings. With consistency and lots of love, Itsy Bitsy is sure to gain confidence and let her personality shine. If you're looking for a gentle companion with plenty of biscuits to share, Itsy Bitsy may be the perfect match.
