Notes:

Meet Luna, the ultimate work-from-home side kick who will ensure your Zoom calls are always entertaining and your breaks are filled with fetch and belly rubs. Luna is a shy girl and will need time to work through her anxieties, but she has warmed up well help of some tasty chicken and an outgoing canine helper. We think that Luna is potty trained and would love to live with a well-matched doggy friend. If you think that you'd like to take the time to get to know Luna, talk to a counselor today!
