NOTES:

Meet Osprey and Benelli, a bonded pair of brothers on the prowl for a forever home to call their own. These two share a close connection and find comfort in one another, making them a wonderful duo for the right household. They have a negative history with men and may do best in a women-only home or with adopters experienced in working with fearful cats. With patience, understanding, and a calm environment, Osprey and Benelli have the potential to build trust and become deeply rewarding companions together.
