NOTES:

Randy Savage has overcome a lot in his life and is ready to discover what it means to have a home of his very own. Rescued from a hoarding situation, Randy is a little under-socialized and will do best with patient adopters who are willing to learn about rabbits or are already familiar with their sensitive nature and unique care needs. As his adopter, you could be the one to give him many of his firsts; a cozy place to relax, toys to explore, gentle affection, and the security of knowing he's finally home. Giving Randy the time to decompress and build trust at his own pace will help him feel safe as he adjusts to his new life. With kindness, understanding, and a little patience, Randy Savage has the potential to blossom into a wonderful companion.
