NOTES:

Rocket is a sweet boy who is looking for a fresh start after being returned through no fault of his own when his family was no longer able to keep him. He can be very shy at first and will benefit from a patient family that can provide structure, consistency, and time to help him transition out of the shelter environment. Rocket is not a fan of dogs and would do best in a home where he can feel safe and comfortable without canine companions. With a calm environment, gentle encouragement, and the opportunity to decompress, Rocket is sure to let his loving personality shine.
