NOTES:

Yogi is a sweet and sensitive boy who is still learning that the world can be a safe place. He can be nervous around strangers and appreciates a gentle approach that allows him to build trust at his own pace. Once he begins to feel comfortable, his playful side comes out, and he especially enjoys a good game of fetch! Yogi will thrive with a patient family that can provide structure, consistency, and positive experiences to help build his confidence. If you're willing to take things at his pace, Yogi is ready to find a family he can learn to trust.
