## Notes:

Cudi is a soulful girl with a quiet strength and a heart that blooms with patience. She loves her walks and is potty trained. She may be slow to trust and needs to meet new friends a few times before letting her guard down—but once you've earned her love, she'll be your most loyal companion. Cudi will thrive in a calm, understanding home where she can build confidence at her own pace. If you're someone who believes the best bonds are the ones you earn, submit an application for Cudi today.
