

RANCHO COASTAL HUMANE SOCIETY

SERVING SOUTHERN CALIFORNIA SINCE 1960

Hi, my name is Floyd Pepper + Mahna Mahna (males)
and my birthday is July 12, 2024.
I weigh 3 lbs and am a mixed breed.

The energy level scale consists of ten paw print icons. The fifth icon from the left is circled in red, indicating a medium energy level.

Notes:

Hop right over and meet Floyd Pepper and Mahna Mahna—these adorable fluff monsters are eager to ‘bunny’ up with their forever family! With typical rabbit personalities, they can be a bit timid, so they’ll do their best with a rabbit-savvy family who can help them acclimate. Floyd and Mahna are inseparable, spending their days lounging in the hay and grooming each other. Want to learn more? Reach out to a counselor today!
