Notes:

With his big build and bigger heart, Link is ready for his next chapter-he's just searching for the right lap to land on. He's been through a lot of recent changes and needs a family that can offer patience, love, and the time to truly settle in. Once he's comfortable, Link's playful side shines through-he loves his toys, is a potty-trained pro, and promises to become a devoted, oversized cuddle companion.
